POSSIBLE PROJECTS FOR THIS YEAR

Wording for the West Cemetery sign will be finalized.

Installation of the Soldiers' Monument sign will wait until the cemetery wall is repaired later this summer.

Some type of flower garden/low stone wall/picnic spot will be developed for around the railroad station foundation.

Work on the stone structures map, town history, and Old House Project will begin sometime in mid-May.

HISTORICAL SOCIETY PROGRAMS

The Society plans a series of informal "conversations," people invited to "come and talk about a particular subject."

OTHER BUSINESS

Memorial bricks have been offered anonymously in memory of Kathy Mottau, Lucille Watt, and Joan Wetherall. They will need to be engraved and will be installed this summer. Several other memorial bricks will be added by Memorial Day and additional brick walkway is planned for the summer.

SCHOOL HISTORY TOUR

This year's 4th grade history field trip is planned for June 6. Students will be in Lyndeborough in the morning. Walter Holland has said he will have the cannon brought out. Last year's tour was called "a success."

The next meeting is Friday, April 26, at the library.

The meeting adjourned at 8:15 p.m.
